How much does it cost to use Pay Later?

Pay Later is pay-as-you-go - that means if you're approved you'll be charged interest at a rate based on your business for the extra days to use. They only run soft credit checks which means applying won't affect your credit score.

There are no other fees and you can settle up early and save on interest anytime you like.

Call your account manager if you can't make a payment
